OBJECTIVE

Solving problems and facing new challenges is apart of something that I face on a daily basis. As an aspiring front-end developer design, functionality, and making sure that everything is top-notch is important when creating applications and User Interfaces.

EDUCATION

High School Diploma | Phillip O. Berry Highschool of Technology | AUG 2014 – JUNE 2017

EXPERIENCE

Software Developer Apprentice | Road2Hire | JUN 2019 – CURRENT

- Learning various coding languages and how to present myself in a professional standard.
- Work with different coding languages to build working web applications.
